

Through Simone's uniquely sensitive style she conveys photographically the tremendous excitement of a wedding. Intuitively and artistically Simone captures the true essence of the moment without rigidly posing the photographs. Combined with this are the essential traditional images which together create a photographic narrative of the day.

Viewing Wedding Photographs

Following the wedding the images are securely posted online. The couple is able to conveniently view their wedding photographs within two weeks of the event and select the images they want for their Photography Book. It is also a great way to share the images with family and friends.

Contemporary Wedding Photography Books

The superior quality of the fine bound Photography Books compliments your beautiful photographs. The design of the albums are based on the your selection of photographs. Simone carefully chooses the precise arrangement and groupings of the photographs to relate the story of the wedding. The photographs from your special day are then transformed into a stunning coffee table style Photography Book full of your favourite wedding memories. With the custom photography cover your photos are printed right onto the hard cover or for that extra touch of style, there is the premium leather bound hard covers.

High Quality Printing on Archival Paper

The photographs are printed on the pages using the highest quality printing methods to produce life like skin tones and vibrant colours. The pages are printed on heavy weight (210gsm) white photography art paper which is acid free and has a silk matt coating to help protect it from fingerprint marks and moisture. This paper has been selected for its archival qualities to ensure your photographs stay as vivid as the day they were printed.

Hand-Crafted

The Photography Books are hand made by craftsmen book binders using traditional book binding techniques. They are hand stitched and case bound into protective hard covers giving your book a durable bind, ensuring your precious memories will last.

Hard Covers

With the custom photography covers, we can design a personalized printed hard cover with your choice of photograph printed directly onto the cover. Each cover is protected with a UV inhibiting, gloss laminate.
